

Explore Extraordinary!

Ashbrook 2022 Explore Summer! Programs

Week of August 8 – 12

Click [HERE](#) to register

- **Mask Workshop for students rising to 4th through 8th grades**
- **8:30 am – 12:30 pm**
- **\$175 per week if registered by May 15, \$190 per week after May 15**
 - Students will create paper mache and foam masks of characters with Ashbrook art teacher Erik Olson. These can be worn but they are made to be decorative artworks. It's a week of fun to push the boundaries of what is possible with simple sculpture techniques. The intentional and unintentional elements we select for our characters will also be examined to see if those choices contain any deeper knowledge or truths.

- **Explore Corvallis Hikes for students rising to 4th through 9th grades**
- **8:30 am – 1 pm**
- **\$175 per week if registered by May 15, \$190 per week after May 15**
 - Come hike with Ashbrook teachers Amanda Kelley and Lexie Elliott! Each day of this camp, students will be dropped off at a predetermined location, enjoy a mild to moderate hike, and then participate in some learning & play time before lunch. This is a great opportunity for students to learn how to be mindful while enjoying nature and to explore new things in the beautiful areas around us.

- **Technical Theater and Video Workshop for students rising to 6th through 9th grades**
- **8:30 am – 12:30 pm**
- **\$175 per week if registered by May 15, \$190 per week after May 15**
 - Not an actor but love the theater? Come see what magic happens backstage and in the technical booth with Ashbrook theater technician Grady Holaday. Students will start by learning stage vocabulary and theater jargon. They will practice making electronic audio effects after learning all about the different types of speakers, lights, and microphones. Students will practice how to "fly in" the curtain and set pieces with a rigging overview, and the week will culminate in a live greenscreen day!

- **Week 2 of 2, Competitive Math Boot Camp for students rising to 5th through 8th grades**
- **8:30 am – 12:30 pm**
 - This 2nd week of Competitive Math Boot Camp with Ashbrook MS math teacher Paul Hunt week is an increase in intensity from week 1 to include Mathcounts School Round Competitions, Mathcounts Chapter Competitions, and more AMC 8 problems. The goal is to improve students'

comfort level with competing in Mathcounts at the Chapter level. Students will play Ultimate Frisbee or Poker during breaks, depending on weather.

- This is a 2-week class. Week 1 is July 11-18.
